

Logos for press use

Use these files as they are. Every logo comes as SVG (vector, for print and web) and as a large transparent PNG. Use the regular versions on light backgrounds and the white versions on dark backgrounds.

01 Company logo

nuntiq-logo-slogan

nuntiq-logo-slogan-white

nuntiq-logo (small spaces, no slogan)

nuntiq-logo-white

Dark
#06122A

Light
#F5F7FA

Headings and logo: Poppins. Body text: Source Sans 3.

05 Please

- Write the names as **Nuntiq** (the company) and **AP Receiving** (the product), or "AP Receiving by Nuntiq".
- Keep clear space around a logo of at least half the icon's height.
- Keep logos at least 30 mm (120 px) wide; the icon at least 6 mm (24 px).
- Do not recolor, stretch, rotate, outline or add shadows to a logo.
- Do not rearrange the icon and the name, or retype the name in another font.
- Do not place the logo on a busy photo; use a plain light or dark area.
